EXPERIENCE

Proofpoint (Wombat) — *Director UX Design*

AUGUST 2016 - PRESENT

I am responsible for the security awareness UX team. My accomplishments include designing a training module editing tool, reporting dashboards, and various strategic projects. I drove mobile optimization and inclusive design practices. These accomplishments resulted in my promotion to Senior Manager and then Director.

Nowait (Yelp Waitlist) — *Lead UX Designer*

JUNE 2014 - JULY 2016

I led the design team through a company rebrand and launch of a payment application. Responsible for the design of iOS and Android mobile applications.

Think Through Math (Imagine Learning) — *Senior UX Designer*

MARCH 2013 - JUNE 2014

I redesigned a flash-based student education site to a responsive site with mobile optimization and created a style system for developer use.

SnapRetail — *UX/UI Design Lead and Front-End Developer*

AUGUST 2011 - MARCH 2013

I oversaw the design team utilizing an Agile design process, designed an email editing tool and calendar tool, and created a style system.

High School Sports, USA Today/Gannett — *Multimedia Developer*

FEBRUARY 2011 - AUGUST 2011

I redesigned the corporate site, admin tools, and student game page. I was responsible for the implementation of the site analytics.

CECity (Premier) — *Lead Multimedia Designer*

NOVEMBER 2007 - FEBRUARY 2011

I launched the priority Highmark, Rite Aid, and Humana CE sites. I led the design team and increased design team project timelines by fifty percent.

Chorus Call, Compunetix — *Media Applications Coordinator*

MAY 2006 - NOVEMBER 2007

I was responsible for high-value company projects and training international teams on media applications.
